Letter No.3410/3-26, dated the 5th December, 1929, from the Inspector of Schools, Coorg and Bangalore.

Please see S.N.1 in which the Government of India propose to undertake a comprehensive review of the working of the five year programme for the expansion of education in the territories directly administered by them well ahead of its expiration in 1931-32 and to single out and collate such of the commitments involved as well inevitably have to be undertaken on a permanent basis from 1932-33 onwards. With this object in view they have asked certain minor administrations to submit proposals in respect of such items of the programme as should be continued on a permanent basis from 1932-33 onwards.

The Inspector thinks that the most appropriate time to undertake the review is at the time of the submission of the budget proposals for 1931-32 i.e. September, 1930. It appears that we cannot ask the Government of India to wait till then. The Inspector may perhaps be asked to furnish the information as early as possible. However the Government of India may perhaps be informed of the views of the Inspector. Draft submitted for approval.

All the commitments under the 5 years' programme are inevitable. When the scheme of expansion in selected area was drawn up, the educational position of the whole town was carefully considered. The 12 new schools which will be working by 1932 are all inevitable commitments. Each school as opened, fills up, + Bangalore is far from saturation point. The only way in which money could be saved would be to refrain from starting the schools due to be opened in 1930-31, + 1931-32. This is impossible, as it would mean grave injustice to certain areas where schools happened by accident to be due for opening, towards the end of the 5 years' programme. The schools started in 1927-28 or 1928-29 are not more important than those promised for 1930-31, + 1931-32. Priority was mostly a matter of more easily available sites or buildings, + the programme can only be viewed fairly as one organic whole. E.G.McA.

Mr. McAlpine states that all the commitments under the five-year programme are inevitable. In 1931-32 the recurring grants payable to the Municipal Commission, Civil and Military Station, Bangalore under the five-year ------- programme will amount to Rs.29,838/- as shown below :-

	Rs.
(1) The raising of three Municipal primary schools to the middle ----- standard...	4,224/-
(2) Opening of twelve new Municipal Elementary schools. Six each for boys and girls...	24,000/-
(3) Opening of five night/schools for adults...	750/-
(4) Appointment of a Lady Superintendent of girls' schools and grant to her of a conveyance allowance of Rs. 15/- per mensem...	864/-
	29,838/-

The President, Municipal Commission may perhaps be

asked with reference to S.N. 2 whether the Commission are prepared to finance the whole or part of the scheme involved under the five-year programme from the Municipal revenues from 1932-33 onwards.

As regards the recurring grants required for the remaining items in S.N. 11/83-26 viz., Rs. 10,800/- , the question will be considered later on whether the Assigned Tract revenues will be able to meet the whole or portion of the expenditure involved.

I think that we should fight the Government of India if they try to reduce the grants given under the five year programme : it is unreasonable to launch out in this way unless you intend to continue : with India's comparatively strong financial position (in spite of the depression due largely to political vagaries) it ought not to be necessary to withdraw the grants.

But it might strengthen our hands if we could say that we had asked the Municipal Commission and I suggest a draft,

Survey of the Five-year programme of educational expansion in administered areas in Indian States.

Please see S.N. 1, 3 and 22 / 214-1929 / 83-26

A report regarding the working of the five-year ----- programme has to be submitted to the Government of India during the current year with a view to make necessary ----- provision in the budget estimates for 1932-33.

In file No. 83/1926 a sum of Rs. 11,900/- is being surrendered to the Government of India out of the current year's allotment under the five- year programme. The above sum includes recurring and non-recurring grants under the five-year programme.

A draft report to the Government of India excluding the above recurring items of expenditure is submitted for approval. This may perhaps be sent U.O. to the Inspector of Schools, Coorg and Bangalore, with the request that the necessary additions and alterations may be made in the ---- draft and returned to this Residency at an early date. He may also be requested to give the estimated expenditure for the next five-years i.e. 1932-33, 1933-34, 1934-35, 1935-36 and 1936-37.

The following amendments to the draft are necessary:-

Page 2 of Draft, Item 2. The cost of Boys' schools will be about Rs. 11,000/- and the cost of Girls' Schools will be about Rs. 14,000/- in 1932-33. The

figures in the draft may be so amended. I have inserted the exact figures on page 4 of draft. These are the latest figures obtained from the President, Municipal Commission, Bangalore.

Page 2 of draft. Item 5. Since I made my proposals regarding the future of the 5 year Programme (my No.2620/3-26/6.8.1930) another graduate has been added to the staff of the Government Training School. This teacher was appointed on the retirement of another teacher who had only Intermediate qualifications. The pay of the post was unchanged. This para may therefore be modified. There are now some 40 students in the school many of whom are Secondary Grade students. It is essential that teachers of this grade be trained by trained graduates. Besides the three graduates on the staff there are only a Kanarese Pandit and Drawing master. The question of the abolition of the former post is under my consideration now. In view of this, it would be highly inadvisable to abolish one graduate's post.

Page 4. Item 1. The figures given in the draft are only in respect of 1 school. Please see my proposals below in this file, in the letter referred to above. I proposed that the Municipal Commission should undertake financial responsibility for the other 2 Higher Elementary Schools, (Please see page 3 (para 3 a) of my letter) and therefore gave in my statement the cost of running only 1 Higher Elementary school which I proposed should be borne by Government. These figures must now be altered since Government is being asked to finance all these Higher Elementary schools. I have altered them accordingly.

Page 4. Item 2 of draft. I have inserted these figures.

p4. Item 6. I have inserted these figures, in accordance with the proposal made in page 3 (item 6) of the draft. The sanctioned pay of the post is Rs. 45-3-75 and not 45-5-75 as mentioned in the draft. In view of the last sentence of page 3, item 6 of your draft, I have

proposed a provision of Rs. 540/- only throughout, for each of the 5 years.

I have also discussed this draft with C/S & it meets with his views.

It is a curious commentary on the ways of the S.P.I. & that in 1926 (see* SN 1-A/83) they feel such ample to propose a scheme which certain there will a period when they look like closing down altogether.

"Survey of the Five Year Programme".

Sir,

File C

With reference to your No.11226, dated 29-11-29, I have the honour to invite your attention to the fact that we are just in the third year of the Five Year Programme and I believe it is too early now to undertake a comprehensive review of the working of the Programme as desired by the Government of India. Even if it is done now, I am afraid that circumstances might arise which would necessitate a revision of our forecast. I therefore think that the most appropriate time to undertake the review is at the time of the submission of the budget proposals for 1931-32.

Survey of the Five-year Programme of educational expansion in administered areas in Indian States.

Sir,

I am directed to refer to the enclosure to my endorsement No.7801, dated the 12th September, 1929, in which the Government of India desired that an examination should be made of commitments unde the Five-year Programme of educational expansion in the Civil and Military Station of Bangalore, with a view to considering which of them must inevitably be continued on a permanent basis.

2. As you know, the programme in the Civil and Military Station included the following :-

	Recurring expenditure 1931-32. Rs.
(1) The raising of 3 primary schools under the Municipal Commission to the middle standard.	4,224/-
(2) Opening of 12 new elementary schools under the Municipal Commission at an average cost of Rs.2,000/- per school.	24,000/-
(3) Opening of five night schools under the Municipal Commission for adults at Rs.150/- a year for each school.	750/-
(4) Appointment of a Lady Superintendent of girls' schools under the Municipal Commission.	864/-
	29,838/-

3. I am to enquire whether, in the event of it being found necessary to curtail this expenditure, the Municipal Commission would be able to accept responsibility for part of it and, if they cannot do so, in what direction the expenditure can best be reduced, having regard to the educational needs of the various areas.

Additional grants required each year (Non-voted).	10,662	8,544	10,544	5,444	5,444

There is no necessity to repeat any of the non-recurring grants after the year 1931-32 and so the remarks will be confined to the recurring expenditure.

Item 1 - raising of three Primary Schools to the Higher Elementary Standard.

The three schools have been raised to the 8th standard and have proved to be of great advantage to poor pupils who cannot afford to join Secondary Schools. The strength in the 3 standards is gradually increasing and since there is a real demand for the classes they must continue to be maintained and there can be no retrenchment under this head. I accordingly request that the grants for this item may kindly be continued as follows:-

1932-33.	1933-34.	1934-35.	1935-36.	1936-37.
4,690	4,850	5,010	5,180	5,340

Item 2. - Opening of 12 new Elementary Schools.

Five Boys' Schools and six Girls' Schools will have been opened by the end of 1931-32. The commitments under this head are inevitable. Each school will satisfy the urgent demands of the locality and the closure of any of

of the schools will mean unnecessary hardship. I do not therefore propose any reduction under this head. The grant for the opening of one Boys' School which was ~~not~~ postponed may be reallotted when situation improves. Meanwhile I request that the grant for this item may be continued as below:-

1932-33.	1933-34.	1934-35.	1935-36.	1936-37.
25,300	25,850	26400	26,950	27,500

Item 3. - Opening of 5 Night Schools.

These schools proved a failure. The attendance was very meagre, and bonafide day labourers did not attend regularly and willingly. The schools were therefore closed with effect from the 1st March, 1931. The saving under this head is Rs.750/- per annum - vide paragraph 2 of letter No. 533/214-1929, dated the 26th January, 1931, to the Government of India, Foreign and Political Department.

Item 4. - Grants-in-Aid to aided Schools.

The provision for 1931-32 is Rs.9,000/- of which a sum of Rs.1,000/- has been surrendered to the Government of India. The sum of Rs.8,000/- includes Rs.5,000/- for the Sappers and Miners Boys' and Girls' Schools (there is already a demand for increased grants from these schools owing to grant of increments to staff) and the balance is required for aiding new schools or for giving adequate grants to the existing schools. There is a demand from the existing schools for enhancement of grants owing to the curtailment of their income in fees since the Municipal Schools were declared free. It will thus be necessary to continue the grant of Rs.8,000/- after 1931-32 as noted below:-

1932-33. Rs.	1933-34. Rs.	1934-35. Rs.	1935-36. Rs.	1936-37. Rs.
8,000	8,000	8,000	8,000	8,000

Item

Item 5 - Additional staff to the Government Training School, Bangalore.

The post of the Music Instructor has already been abolished. The other post is that of the Graduate Assistant. There are now some 40 students in the Training School many of whom are secondary grade students. It is essential that teachers of this grade should be trained by trained graduates. It would be inadvisable to abolish the Graduate Assistant's post and I request that the grants as below may be continued.-

1932-33.	1933-34.	1934-35.	1935-36.	1936-37.
1,440	1,500	1,560	1,620	1,680

Item 6 - Appointment of Lady Superintendent of Girls' Schools and grant to her of a conveyance allowance of Rs.15/- per mensem.

The sanctioned pay of Rs.45-3-75 was not attractive to the right sort of person and the appointment of a Lady Superintendent of Secondary Grade with a knowledge of Urdu proved a failure and had to be terminated. The Inspector of Schools, Coorg and Bangalore, considers that the post is necessary and will prove useful if the pay is increased to Rs.75-5-100 with a conveyance allowance of Rs.15/- per mensem and a non-Muhammadan trained graduate or an intermediate trained lady teacher with a knowledge of Urdu is appointed, so that she might be put in charge of all the girls' Schools Muhammadan as well as non-Muhammadan under the Municipality. The post is at present vacant. If the Government of India consider it possible to agree to post being continued on the revised rate of pay, I would request that a grant for this item may be continued as below:-

	1932-33.	1933-34.	1934-35.	1935-36.	1936-37.
Pay.	900	960	1,020	1,080	1,140
Conveyance allowance.	180	180	180	180	180

2. The Municipal Commission feel that they cannot find further

further money for educational purposes and request the Government to continue , if not to enlarge, its grant in the future to permit of the further expansion of primary education in the Station. It is not possible to meet the expenditure from the Assigned Tract Revenues. A copy of the Commission's resolution No. 4, dated the 28th November, 1930 is enclosed.

3. If the above proposals are approved the annual recurring cost to the Central Government with effect from 1932-33 will be approximately as follows:-

Items.	1932-33	1933-34.	1934-35.	1935-36.	1936-37.
Raising of three Primary Schools to the Higher Elementary Standard.	4,690	4,850	5,010	5,180	5,340
Opening of 11 new Elementary Schools.	25,300	25,850	26,400	26,950	27,500
Grants in aid to Mysore Government aided schools.	8,000	8,000	8,000	8,000	8,000
Additional Staff for the Government Training School.	1,440	1,500	1,560	1,620	1,680
Lady Superintendent for Girls' Schools.	900	960	1,020	1,080	1,140
Conveyance allowance.	180	180	180	180	180
Total.	40,510	41,340	42,170	43,010	43,840

(Increase due to increments.)

4. I request that the grants proposed above may kindly be continued on a permanent basis from 1932-33 onwards. The amount required for 1932-33 will be included in Part II-B-Fresh charges of the Mysore Assigned Tract Budget estimates.

I have the honour to be,
